

**DEPARTMENT OF CHEMISTRY  
COURSES OFFERED FOR SUMMER 2009**

| <b>COURSE</b> | <b>CODE</b> | <b>COURSE TITLE</b>                                 | <b>CREDITS</b> | <b>COMMENTS</b>                  |
|---------------|-------------|---|----------------|----------------------------------|
| C 06J         | CHEM0901    | Preliminary Chemistry A                             | 6              |                                  |
| C 10J         | CHEM1901    | Introductory Chemistry A                            | 6              |                                  |
| C 20J         | CHEM2001    | Chemical Analysis I                                 | 4              |                                  |
| C 22J         | CHEM2201    | Spectroscopy, Mechanisms and Aromatic Systems       | 4              |                                  |
| C 23J         | CHEM2301    | Physical Chemistry                                  | 4              |                                  |
| C 06K         | CHEM0902    | Preliminary Chemistry B                             | 6              | Pending Semester II exam results |
| C 10K         | CHEM1902    | Introductory Chemistry B                            | 6              | Pending Semester II exam results |
| C 31J         | CHEM3101    | Inorganic Chemistry                                 | 4              | Pending Semester II exam results |
| C 32J         | CHEM3201    | Organic Synthesis, Biomolecules and Stereochemistry | 4              | Pending Semester II exam results |
| C 33J         | CHEM3301    | Physical Chemistry                                  | 4              | Pending Semester II exam results |
|               |             |   |                |                                  |
|               |             |   |                |                                  |
|               |             |   |                |                                  |
|               |             |   |                |                                  |
|               |             |   |                |                                  |
|               |             |   |                |                                  |

**Teaching begins: June 1, 2009**

**Examination: July 17 – 30, 2009**
