

EMBAJADA DE MÉXICO

Call for Mexican Government Scholarships for Foreigners

1. Scholarships are solely offered in the areas and institutions included in the Call.
2. Incomplete files will not be taken into consideration during the selection process. Students must make sure that all requirements are being fulfilled prior to submitting their candidacy.
3. The Call for Bilateral and Multilateral Programmes will be opened from **April 22 to August 15, 2009**. The Call for Special Programmes will be opened from **April 22 to October 30, 2009**.
4. The registration process for Bilateral and Multilateral Programmes will take place on-line only from **July 15 to August 15, 2009**. It is important to underline that candidates applying for Special Programmes are not required to register themselves on-line.
5. From **August 16 to 31, 2009** this Embassy will be receiving the files of those candidates that have previously registered themselves on-line.

Students may visit <http://becas.sre.gob.mx> for further details.

**CALL FOR MEXICAN GOVERNMENT
SCHOLARSHIPS 2010**

INTRODUCTION

The Government of Mexico, through its Ministry of Foreign Affairs (SRE), seeks both to maintain as well as to expand its dialogue with the world through a policy of diversified ties, by virtue of being a nation of manifold affinities.

In order to meet the strategic foreign-policy objectives established under the National Development Plan (NDP) 2007-2012, especially with regard to sustainable human development, the SRE, through its General Directorate for Academic and Cultural Cooperation (DGCEC, for its acronym in Spanish), contributes to the preparation and training of Human Capital, both at home and abroad, through cooperation and collaboration in education with other countries.

The different scholarship and grant programs for citizens of 157 nations, whether pursuant to bilateral agreements or multilateral mechanisms, are chiefly directed toward the molding and training of human resources. As a country which both receives and provides cooperation in the field of education, Mexico not only collaborates with the more developed nations and international organizations but also offers assistance to countries possessing less relative development, and works in horizontal exchange programs with nations whose level of development is similar to our own. In reciprocity, many of these countries, in turn, offer scholarships and grants whereby Mexican citizens will be trained or participate as students, researchers, or visiting professors in different institutions throughout the world.

This degree of cooperation enriches our country's cultural intercourse with other nations through the mobility of grant and scholarship recipients and visiting experts; all of whom likewise create a multiplying effect outside and within their individual native countries by passing on the knowledge they have acquired in Mexico.

The Government of Mexico opens the selection process for its 2010 Scholarship Call in response to the commitments it has assumed with its international peers. The Call is composed of / comprises proposals from different institutions – chiefly prominent public and private – whose curricular subjects cover the vast majority of universal fields of knowledge, but, in particular, areas in which Mexico excels in invaluable alternatives, in addition to being able to offer worthwhile programs for experts, high-level conferences, and special internships for visiting professors.

Mexico City, April 22, 2009

The Call can be consulted at the following website: <http://becas.sre.gob.mx> and for further information details on Mexico's Higher Education and Research Institutions, go to: www.anui.es.mx www.conacyt.mx www.edumexico.org and www.studyinmexico.org.

Call for Mexican Government scholarships for foreigners 2010

General conditions

This Call for scholarships and grants shall be open from April 22 through August 31, 2009, and online registration of candidatures shall be done from July 15 to August 15, 2009, with the exception of the following Programs: "Genero Estrada" Program for Specialists on Mexico; High-Level Lecture Program; Special Internship Program; Studies on Mexican Independence and the Mexican Revolution; Program of Visits for News Media Collaborators; the Mexican Program to Improve the Quality of Mexico's Higher Education Institutions; and the "Daniel Cosío Villegas" Programs of El Colegio de México. The foregoing shall remain open until October 30, 2010. Online registration for these programs is not required.

The general conditions of the scholarships offered by the Foreign Ministry through its General Directorate for Academic and Cultural Cooperation are contained in the Rules Applicable to Foreign Grantees of Ministry of Foreign Affairs Scholarships, the text of which can be found at the end of this Call.

Scholarships or grants are not open to persons residing in Mexico nor are they available to foreign diplomats accredited in Mexico or members of their families. Persons who have acquired dual nationality through naturalization will not qualify as eligible candidates.

Scholarship Characteristics

Scholarships are awarded for specialization studies, master's degrees, doctorates, and medical specialties, postgraduate research and postdoctoral visits, visits for artistic creation and for visiting professors and experts, high-level lecture visits, professional internship programs for visiting professors and postgraduate mobility.

Scholarships are not granted for preparatory courses, distance studies (virtual mobility), supported open learning, or for Direct Doctorates (Master's and Doctorate integrated programs).

The vast majority of the supply offers come from Mexican public institutions and some private institutions are likewise participating in this Call, including: Instituto Tecnológico y de Estudios Superiores de Monterrey [Monterrey Institute of Technology and Higher Education]; Universidad de las Américas, Puebla [University of the Americas, Puebla]; Universidad del Claustro de Sor Juana [Claustro de Sor Juana University]; Universidad Iberoamericana [Ibero-American University]; and Universidad La Salle [La Salle University].

Scholarships are offered in the disciplines stated in this Call, except for odontology, plastic surgery, marketing, accounting, advertising, and business administration. In the field of medicine, scholarships are granted only in the public health institutions,

hospitals and institutes established under the Ministry of Foreign Affairs-Ministry of Health cooperation program.

Scholarships are granted for a period of up to one year. In the case of masters'-level studies, scholarships may be renewed for up to 12 months while doctorates and medical specialties and subspecialties, scholarships may be renewed for up to an additional 24 months, in accordance with what is established in the scholarship award. The postgraduate mobility scholarships are granted for a maximum period of 6 months in school system.

Scholarships or grants for postgraduate research and postdoctoral visits shall have a maximum duration of one year and under no circumstances will they be extended beyond that period.

Scholarship grantees must ensure the conclusion of their theses within the regular period of their study programs since no additional extensions are granted for concluding theses or for taking final examinations once the program has been completed.

Scholarships may begin on the date authorized by the General Directorate for Academic and Cultural Cooperation.

Types of Programs in the Call

Of the programs offered by the Mexican receiving institutions, in collaboration with the SRE, there are three types: *Bilateral*, which stem chiefly from Agreements and Programs signed between the Government of Mexico and the government of another country; *Multilateral*, originating from Mexican Government commitments assumed with international bodies or under multilateral mechanisms; and *Special*, which encompass topics of considerable importance for Mexico's international agenda.

The institutions and programs which comprise this Call can be viewed at the following webpage: <http://becas.sre.gob.mx>

Candidate Profiles

Preference will be given to persons who:

- Intend to take studies which focus on themes of priority for their country's development.
- Will work in areas of particular importance for the institutional development of their country.
- Will take postgraduate studies that are registered in the Programa Nacional de Posgrados de Calidad (PNPC) (National Quality Postgraduate Program).

- Will take postgraduate studies not available in their own countries.
- Will take studies or conduct research at institutions located in states throughout the Mexican Republic.
- Are professors or researchers at public higher education institutions and scientific research centers in their own countries.
- Are government officials in charge of areas or programs of special interest to their countries.
- Work on projects for human, social, or economic development that target marginalized groups or areas which are socially or economically depressed.

General Requirements

- Submit candidature on the corresponding application form (Application Form A or B) within the specified deadline. Both forms are included in this Call.¹
- Have the official proposal from the government of the candidate's country that forms part of Application Form A.
- Have a Bachelor's degree, Master's degree or doctorate, depending on the type of studies for which they are requesting the scholarship or grant.
- Have a minimum GPA of 8, on a scale of 1 to 10, and in the event of a different scale, they must submit the equivalent.
- Have the academic acceptance of the receiving Mexican institution.²

¹ These Application Forms can be found at the following website:

<http://becas.sre.gob.mx>

² It is possible to receive a letter of contact from an institution at the time of applying for the scholarship or grant and then to later continue with the processing and requirements of the receiving institution. Once the latter have been met and the letter of academic acceptance has been obtained, it must be signed by the Head of the School Services Department, the Coordinator of Postgraduate Studies, and/or by the Head or Academic Secretary of the Faculty, School, Institute or Center selected. In the case of medical areas or fields, the acceptance letter must be signed by the Head of the Specialty and the Head of Teaching at the hospital or institute of the Ministry of Health. It is important to mention that the definitive letter of acceptance must be sent – through the receiving institution and/or the respective Mexican Consulate or Embassy – to the SRE at least one month prior to the date the studies are to begin.

In the case of postgraduate studies, the document must indicate the study program in which the candidate was accepted, as well as the program duration and the starting and finishing dates, according to the school calendar, and program modality (six-monthly, four-monthly, or quarterly). In addition, in the case of research visits, the document must specify the name of the academic

- Meet the requirements specified in this Call. Neither incomplete dossiers nor original documents shall be received.
- Return to their home countries upon termination of the scholarship and remain there for at least a time period similar to the duration of the scholarship in Mexico.
- For postgraduate-level research scholarships, the candidate must submit the letter of acceptance issued by the Mexican institution with curricular credit acknowledgement.

The specific requirements are established in each of the Programs. It is recommended that they be very carefully read.²

Reception of Dossiers

All scholarship processing formalities must be expedited before the Mexican Embassy in the applicants' home country or before the concurrent corresponding Embassy, through the applicants' Ministry of Foreign Affairs or Ministry of Education and/or the local governmental institution designated for said purpose. When the application calls for the official proposal signature of the government of the applicants' country by virtue of being an intergovernmental offer and generally reciprocal, the documentation must carry said signature, otherwise the application shall not be taken into consideration.

Dossiers shall be received at Mexican Embassies between **April 22 and August 31, 2009**.

Candidatures must be submitted, as required, on either Application Form A or B, properly filled out, together with copies of the documents stipulated. Only applications fully completed and meeting all requirements will be processed. **Original documents will not be received.**

Documents will need to be notarized or carry an apostil if so requested by the receiving Mexican academic institution as a condition for accepting an applicant.

Candidates must conduct the necessary formalities directly with the Mexican institutions of their interest and must have the latter's acceptance before candidatures can be officially considered. If at the time of handing in a dossier an applicant does not yet have academic acceptance, said candidature shall only be received conditionally.

tutor of the project, the place where it is to be conducted, and the time period it will take.
Regardless of the opening of the Call, applicants must establish contact with the academic institution in order to process their acceptance.

Selection Criteria

- Academic excellence of the candidate in the area intended to be studied at a Mexican institution.
- A congruent relationship between candidates' academic and professional backgrounds and the area in which they wish to specialize in Mexico.
- Importance of the studies and their direct influence on the development of the candidate's country.
- Reintegration of candidates into their countries' labor market on completion of the scholarship.
- Connection between the studies and specific projects underway or already approved, as well as their impact on the development of candidates' countries.
- A projection of the specific application of the knowledge acquired.

Applications meeting all requirements shall be reviewed by a Preselection Committee in the applicants' respective country.

The final decision regarding scholarship awards rests with the Government of Mexico and shall not be open to appeal.

Scholarship Benefits

- Enrollment and school fees, where applicable.
- Monthly allowance, equal to:
 - 1) 4 D.F. (Federal District-Mexico City) minimum wages for a Specialty, Master's or Master's-level research, as well as for studies in the Spanish language and Mexican culture. This currently amounts to \$6,576.00 pesos.
 - 2) 5 D.F. (Federal District-Mexico City) minimum wages for a doctorate or doctoral research, as well as postdoctoral visits, medical specialties or subspecialties, and expert and artistic visits. This currently amounts to \$8220.00 pesos.
- Medical insurance coverage from the Mexican Social Security Institute (IMSS), effective as of the third month of the scholarship, as long as scholarship grantees comply with the delivery of the documentation requested in due time and manner in order to proceed with their admission into the IMSS system.
- At the beginning of the scholarship, transportation from Mexico City to the location of the academic institution where the grantee is to study, and

transportation from there back to Mexico City upon termination of the scholarship.

- International air travel costs will only be paid to nationals of countries with which Mexico has a reciprocal agreement covering the international air travel of scholarship grantees, and, to grantees whose program in this Call includes said benefit.

Any expenses not stipulated in the foregoing shall be payable by the scholarship grantee, including: costs involving study incorporation and revalidation costs; costs for printing of the thesis; graduation and degree-procurement processing fees; costs of registration in the National Register of Foreigners; and visa renewal fees.

Scholarship Awards

The scholarships for 2010 will be awarded by the SRE, through its General Directorate for Academic and Cultural Cooperation. Scholarship grantees shall be notified between December 1 and 17, 2009. The results will be delivered in writing at the corresponding Mexican Embassy.

The terms and conditions of the scholarship awards shall be made known to applicants through the Mexican Embassy in their countries.

Scholarships are non-transferable to other individuals and may not be deferred for any school years other than those for which the scholarship was originally granted.

Persons granted a scholarship from this Call must sign a written pledge to return to their native countries upon completion of their scholarship studies.

Regulations for Scholarship Grantees

Scholarship grantees shall be documented as non-immigrant students at the Consular Section of the Mexican Embassy in their countries. They must not travel to Mexico as tourists.

Scholarship grantees who hold dual nationality must enter Mexico as scholarship grantees and accredited citizens of the country which proposed their candidature.

Scholarship grantees must agree to sign the document entitled "Rules Applicable to Foreign Grantees of Ministry of Foreign Affairs Scholarships", which is included in this annual Call. Signing this document, as well as the Award Contract, constitutes acceptance of the scholarship and of the conditions governing the grantee's stay in Mexico.

Once a scholarship is awarded, no changes of either educational institution or studies will be permitted. In the event a scholarship grantee were to abandon

his/her studies, become involved in activities contrary to the provisions of Mexican law, fail a subject or unjustifiably obtain grades below a GPA of 8.5 (eight-point-five), on a scale of 0 to 10 in each study period, the scholarship shall be cancelled.

Scholarship grantees must abide by the rules of the Mexican academic institution where they are studying. Should they directly or indirectly participate in any hostile movement or act, inside or outside their academic surroundings, or should the academic institution discharge or expel a grantee, the scholarship shall be cancelled automatically.

Scholarships are granted to pursue studies in Mexico, therefore, candidates may not be absent from the country for a period exceeding 30 days per scholarship year. Should this occur, the scholarship allowance shall be suspended but may be reinstated and/or cancelled definitively.

Permits to leave the country cannot be accumulated from one year to another. The year shall be counted as of the date on which the scholarship begins.

Those grantees receiving a scholarship for a period of less than 12 months shall be analyzed on case-by-case basis.

Preference shall be given to candidatures whose thesis or research can be done in its entirety in Mexico, to prevent setbacks for students who, because of their chosen subjects, might need to return, halfway through studies, to their native countries to gather information. When this occurs, the scholarship shall be temporarily suspended upon the students' departure from Mexico and reinstated upon their return, in accordance with the timeline granted by the Directorate for Academic Exchange (DIA) of the General Directorate for Academic and Cultural Cooperation.

Formalities

a) Immigration

Once candidates have received official written notification of the scholarship award, they must then proceed with all formalities stipulated before the corresponding Mexican Embassy or Consulate. Grantees must be documented as **scholarship students with Immigration Form 3 (FM3) not as tourists**. Scholarship grantees may not travel on diplomatic or official passports. The costs of registration and visa renewal shall be borne by the scholarship grantees.

b) Travel to Mexico

If international air travel forms part of the scholarship benefits, the airline ticket will be arranged by the Directorate for Academic Exchange. The Mexican Embassy in the respective country shall notify grantees of the flight and ticket details. In the event international air travel is not included in the scholarship benefits, grantees must travel to Mexico at their own expense.

Before the trip to Mexico, grantees must be sure to have international medical insurance to cover their expenses in the event of illness, accident, or hospitalization for the first three months of their stay in Mexico, given that the IMSS medical insurance does not come into effect until the third month of the scholarship.

c) Arrival in Mexico

Upon arrival in Mexico City, scholarship grantees must report in person to the offices of the Directorate for Academic Exchange of the General Directorate for Academic and Cultural Cooperation located at: Plaza Juárez N°20, Piso 4 (Fourth Floor), Col. Centro, 06010, Mexico, D.F. between 09:00 and 13:30 hours, Monday thru Friday, to complete the necessary formalities for their registration as SRE scholarship grantees. We recommend that you consult your scholarship grantee guide.

d) First Allowance Payment

The first allowance will be paid to scholarship grantees during the last days of the month in which the scholarship begins and in accordance with the annual calendar they will be given by their local Mexican Embassy before travelling to Mexico. Consequently, it is **essential that grantees bring enough living expenses to last for at least the first 30 days**. Scholarship grantees who fail to report to the DIA and be documented within the first ten days of the month in which the scholarship begins shall forfeit the first allowance payment.

e) Payment of Monthly Allowance

In the annual calendar schedule, the monthly-allowance payment day and the payroll-list signing dates are stipulated. Scholarship grantees accredited with institutions in the metropolitan area (Mexico City) must go to sign the corresponding payroll list at the offices of the Directorate for Academic Exchange. Scholarship grantees studying in the interior of the Republic must send – via e-mail – confirmation of receipt of their allowance payment. For said purpose and at the moment of being documented, they will be given a simple form prepared by the Directorate for Academic Exchange.

f) Intermediate Formalities

Scholarship grantees must familiarize themselves with the document entitled *Rules Applicable to Foreign Grantees of Ministry of Foreign Affairs Scholarships*, as well with the processes they must observe as grantees during their stay in this country so as not to omit any formality.

g) Final Formalities

Upon completion of their studies or research, scholarship grantees must hand in to the Directorate for Academic Exchange of the General Directorate for Academic and Cultural Cooperation a copy of the graduating-exam proof document, as well an electronic version of their thesis or final paper and a letter signed by the tutor confirming attainment of the objectives of the project. If

applicable, they must also request the airline ticket for return to their home country and be informed of the departure date.

In the event of failing to comply with the foregoing requirements, the last monthly allowance payment and the airline ticket shall be cancelled, if applicable.

Obligations of Scholarship Grantees

These can be found in the document entitled *Rules Applicable to Foreign Grantees of Ministry of Foreign Affairs Scholarships*, which grantees must sign at the moment of receiving the scholarship award and thereby promise to abide by its provisions and respect its contents.

 Communication, Audiology, and Poriatri (SSALUD)
 Pediatric Dermatology (SSALUD)
 Pediatric Endocrinology (SSALUD)
 Epidemiology (SSALUD)

Medical Physics (UAEMEX)
 Gastroenterology and Pediatric Nutrition (SSALUD)
 Physiology (UCOL)
 Medical Genetics (SSALUD)
 Geriatrics (SSALUD)
 Hematology (SSALUD)
 Pediatric Hematology (SSALUD)
 Infectology (SSALUD)
 Clinical Research (UGTO/PNUASLP)
 Physical Activity and Sports Medicine (SSALUD)
 Critical Care Medicine (SSALUD)
 Pediatric Critical Care Medicine (SSALUD)
 Pharmaceutical Medicine (IPN)
 Maternal Medicine (SSALUD)
 Nephrology (SSALUD)
 Pediatric Nephrology (SSALUD)
 Neonatology (SSALUD)
 Pneumology (SSALUD)
 Pediatric Pneumology (SSALUD)
 Pediatric Neurosurgery (SSALUD)
 Neurology (SSALUD)
 Pediatric Neurology (SSALUD)
 Neurology (SSALUD)
 Neuropathology (SSALUD)
 Neuroradiology (SSALUD)
 Clinical Nutriology (SSALUD)
 Medical Oncology (SSALUD)
 Pediatric Oncology (SSALUD)
 Pediatric Otorhinolaryngology (SSALUD)
 Pediatric Pathology (SSALUD)
 Medical Psychotherapy (SSALUD)
 Child and Adolescent Psychiatry (SSALUD)
 Radio-Oncology (SSALUD)
 Rheumatology (SSALUD)
 Pediatric Rheumatology (SSALUD)
 Endovascular Neurological Therapy (SSALUD)
 Urology (SSALUD)
 Gynecological Urology (SSALUD)

Psychology
 Behavior Analysis (UDG)
 Clinical Psychoanalysis (UANL)
 Cognition and Education (UANL)
 Human Development (UIA)
 Family Intervention (UAEMEX)
 Psychological Orientation (UIA)
 Psychology (UNAM)

Clinical Psychology (UAEMEX)
 Psychology, with terminal areas in: Psychotherapy; Work and Organizational Psychology; Community Psychology; Educational Psychology; and Neuropsychology (UAEM)
 Psychology, with options in: Psychoanalytic Studies; Special Education; Education Guidance; and Child Clinical Psychology (UASLP)
 Health Psychology (UANL)
 Organizational Psychology (UANL)
 Social Psychology (UANL/BUAP)
 Social Psychology of Groups and Institutions (UAM-XOCH)

Public Health
 Healthcare Services Administration (BUAP)
 Health Sciences: Public Health; Epidemiology; Human Nutrition; and Medical Bioethics (UAEMEX)
 Sports Sciences: Peak Performance; Child and Adolescent Physical Education; Physical Education for the Elderly
 Biological & Health Sciences (UMSNH)
 Sciences in Worker Health (UAM-XOCH)
 Neuropsychological Diagnosis and Rehabilitation; Nutrition; Vector-Transmitted Diseases; Epidemiology (INSP)
 Healthcare Services Management (UDG)
 Social Medicine (UAM-XOCH)
 Population and Health (UAM-XOCH)
 Work Health, Safety, and Hygiene (IPN)
 Reproductive Health; Environmental Health; Biostatistics; Clinical Epidemiology (INSP)
 Public Health (UdeG)
 Public Health; Healthcare Administration; Epidemiology; Environmental Health; Biostatistics; Social Sciences; and Behavioral Sciences (INSP)

Social Work
 Social Work (UNAM)

BASIC AND ENGINEERING SCIENCES

Physics
 Applied Sciences (UASLP)
 Physical Sciences (UNAM)
 Physics (BUAP/IPN/UAEM/UAAM-IZT/UASLP/UMSNH)
 Applied Physics (BUAP/CINVESTAV-MERIDA)
 Materials Physics (IPN/CICESE)
 Particle Physics and Nonlinear Physics (UCOL)
 Theoretical Physics (IPN)

Engineering
 Hydraulics (IPN)

Hydro Systems (UASLP)
 Construction Economics (UGTO)

Engineering (UNAM/UADE/UAZ)
 Civil Engineering (IPN)
 Engineering, specializing in Construction Administration (UIA)
 Engineering in Water Sciences (UAEMEX)
 Structural Engineering (UAM- AZ)
 Structural Engineering: Construction, Valuation, Conservation of Cultural Heritage Buildings (BUAP)
 Hydraulic Engineering (IMTA)
 Subterranean Hydrological Engineering (UACH)
 Engineering and Applied Sciences (UAEM)

Biomedical Engineering (UAM- IZT)

Engineering in Structures, Mechanics, and Transport (UAEMEX)
 Traffic and Transport Engineering (BUAP)
 Public Ground Transport Engineering (IPN)
 Highway Engineering (UACH)

Electrical Engineering (UASLP/UANL/UMSNH)
 Electrical Engineering, with option in Bioelectronics (IPN)
 Electrical Engineering, with option in Communications (IPN)
 Electrical Engineering, with option in Solid-State Electronics (IPN)
 Electrical Engineering, with option in Mechatronics (IPN)
 Electronic Engineering: Instrumentation and Digital Systems (UGTO)
 Electrical Engineering: Electrical Systems in: Power, Transmission, Distribution, and Use of Electric Energy (ITMORELIA)
 Energy Systems Engineering (IPN)
 Instrumentation and Control (IPN)

Energy Quality, Acquisition Systems, and Signal Processing (ITC)
 Electronic Sciences (BUAP)
 Communications and Electronics (IPN)
 Automation and Control Engineering Sciences (ITESM)
 Automation and Control Sciences (UAEH)
 Automatic Control (IPN)
 Semiconductor Devices (BUAP)
 Electronics and Telecommunications, focusing on Instrumentation and Control, Telecommunications, and High Frequencies (CICESE)
 Electrical Engineering, with option in Telecommunications, Automatic Control (CINVESTAV-Guadalajara)
 Telecommunications Engineering, Instrumentation, and Control (IPN)
 Telecommunications Engineering (IPN)
 Electronic Engineering (IPN/UASLP)
 Power Electronics; Biomedical Instrumentation (ITMORELIA)

Electronic Engineering: Processing of Electrical, Electronic, and Optical Signals (ITDURANGO)
 Electronic Engineering: Processing of Electrical, Electronic, and Optical Signals; Industrial Automatics and Informatics (ITCHI)
 Electronic Engineering: Generation, Transmission; Distribution; the Use of Electric Power; Mechanical Systems; Geothermy; Alternative Power Systems; and other related subfields, as well as: Instrumentation and Control Systems; Control; Communications; Informatics; Measurement; Process Supervision; and other subfields relating to the processes of the electric energy industry (IIE)
 Electronic Engineering, Digital Systems (TORIZABA)
 Electronic Engineering: Systematics, centering on Instrumentation, Control, and Robotics (ITOLUCA)
 Microelectronic Engineering (IPN)
 Mechatronics and Engineering Power Control; Electronic Instrumentation (ITLALAGUNA)

Materials Sciences (CINAV/BUAP/IPN/ UAEMEX/UCOL)
 Materials Sciences: Smelting; Ceramics; Physical Metallurgy (ITS)
 Materials Sciences (UAEH)
 Sciences in Metallurgy and Materials (UMSNH)
 Materials Science and Engineering (UNAM)
 Materials Engineering (UAM- AZ)
 Metallurgical and Ceramic Engineering (CINVESTAV-Saltillo)
 Materials (CINVESTAV-Querétaro)
 Materials and Metallurgy (UMSNH/IPN)
 Polymer Materials (CICY)
 Metallurgy: Manufacturing and Transformation Processes (ITMORELIA)
 Metallurgy and Mineral and Materials Engineering (UASLP)
 Processes and Materials (UAZ)

Aeronautical Engineering, with option in Maintenance and Production (IPN)
 Manufacturing Engineering (IPN)
 Industrial Engineering (UAEH/TORIZABA/IPN)
 Industrial Engineering: Quality and Manufacturing (ITC)
 Industrial Engineering: Control and Optimization of Manufacturing Processes (ITS)
 Industrial Engineering: Quality Strategies (ITQ)
 Industrial Engineering: Management of Integrated Quality Systems (ITLALAGUNA)
 Textile Engineering (IPN)
 Manufacturing Systems (ITESM)
 Mechanical Engineering (IPN/UASLP/UGTO)
 Mechanical Engineering: Mechanical Design, Cinematics and Mechanisms; Automation and Control (ITC)
 Mechanical Engineering: Materials Description, Experimental Mechanics in Stress and Deformation(s); Computer Flow Dynamics; Dynamic Rotor Balancing (ITVER)

Mechanical Engineering: Mechanical Design; Control Systems; and Dynamic Materials Engineering (ITC)
Mechanical Engineering, with options in Mechanical Project (IPN)
Mechanical Engineering: Manufacturing Systems; Refinement of Manufacturing Processes; Machine Element Design (ITMORELIA)
Mechanical Engineering, with specialty in Materials (UANL)

Informatics

Administration in Information Technology Services (UIA)
Computer Sciences (ITESM)
Computer and Engineering Sciences (UNAM)
Computer Sciences (BUAP/UDLA/IPN/UAM-AZ)
Computer Sciences: Intelligent Optimization (ITCM)
Computer Sciences: Pattern Recognition, applied to Data Mining (ITTOLUCA)
Computer Sciences and Industrial Mathematics (CIMAT)
Information Sciences and Technologies (UAM-IZT)
Computing (CICESE/IPN/UCOL)
Intelligent Computing: Computing in Parallel and Distributed Systems (TECTIJUANA)
Informatics (UAEMEX/IPN)
Systems Engineering (IPN/UANL)
Computer Engineering, with specialty in Digital Systems (IPN)
Computer Engineering (UASLP)
Artificial Intelligence (UV)
Computational Modulation and Scientific Computing (UAEM)
Informatics Security and Information Technologies (IPN)
Knowledge-Based Systems; Digital Systems; Software Engineering; Visual Programming; Pattern Recognition (ITVER)
Computer Systems; Software Engineering (ITLALAGUNA)
Digital Systems (IPN)
Intelligent Systems (ITLEON)
Intelligent Systems and Information Management; Scientific Computing and Systems Organization; Signal Processing and Pattern Recognition (UAM)
Computer Technology (IPN)

Mathematics

Mathematical Sciences and specialization in Applied Statistics (UNAM)
Statistics (UADY)
Mathematics (BUAP/IPN/UMSNH/UAM-IZT/UAZ)
Applied and Industrial Mathematics (UAM-IZT)
Applied Mathematics (CIMAT)
Basic Mathematics (CIMAT)
Computer Mathematics (IPN)
Mathematical Models in Biology; Differential Geometry; Harmonic Analysis (UCOL)
Probability and Statistics (CIMAT)

HUMAN SCIENCES

Scenic Arts
Music Sciences (UDG)
Music (UNAM/UV)
Contemporary Dance in the Graham Technique (CENADAC)

Visual Arts

Visual Arts (UNAM)
Cinematography Studies (UDG)
Painting, Sculpture, and Printmaking (ENPEG)

Art Studies

Viceroyal Culture (USCJ)
Aesthetics and Art (BUAP)
Art Studies (UIA)
History of Art (UAEM/UNAM)
History of Mexican Art (UASLP)

Philosophy

Studies in Philosophy (UDG)
Philosophy (UIA/UGTO/UNAM/UV)
Contemporary Philosophy (UAEM)
Philosophy of Science (UNAM)
Philosophy and History of Ideas (UAZ)
Political Philosophy (UAM-IZT)
History and Philosophy of Science (UAM-IZT)
Methodology of Science (IPN)

Arts

Studies on New Spain (UAZ)
Arts (UNAM)
Modern Literature (UIA)
Hispanic-American Literature (UCOL)
Mexican Literature (BUAP/UV/UDG)
Twentieth-Century Mexican Literature (UAM-AZ)
Literary Theory (UAM-IZT)

Architecture

Architecture (UAEM/UNAM/IPN/UCOL/UAA/UADY/UGTO/UMSNH)
Architecture, Design, and Urbanism (UAEM)
Project Administration and Management (UASLP)

Design

Design (UAEMEX/UAM-AZ)

Architectural Design (BUAP)
 Strategic Design and Innovation (UIA)
 Industrial Design (UNAM/UAISLP)
 Design and Development of New Products (UDG)

Museography and Restoration
 Architecture: Research and Restoration of Sites and Monuments (UMSNH)
 Conservation, Restoration, and Museography (ENCRYM)
 Internship in Monument Restoration Works (IPN)

Urbanism
 Habitat Sciences: Architecture; Graphic Design; Urban Studies; New Technologies;
 Bioclimatic and Landscape Architecture; Restoration and Conservation (UAM-AZ)
 Urban and Regional Development (COLEF)
 Urban Studies (COLMEX)
 Metropolitan Planning and Policies (UAM-AZ)
 Processes and Graphic Expression in Urban Architectural Projection (UDG)
 Projects for Urban Development (UIA)
 Urbanism (UNAM)
 Urbanism and Development (UDG)

SOCIAL SCIENCES

Anthropology
 Social Anthropology (COLSAN/ENAH/UIA/CIESAS/COLMICH/UAEMEX)

**Asociación de Estados del Caribe
Asociación de Caribbean States**

Program Characteristics:

Scholarships are offered to study for:

Master's, Doctorate
and research in: Sustainable Development; Biotechnology; Agriculture; Tourism; Public Administration; Latin American and Caribbean Studies; Economics; International Commerce; the Environment; Education; Public Health; Animal Health; Plant Health; Computing; Systems; Geology; Transportation Engineering; Technology Manufacturing; New Materials Engineering; Telecommunications; Nursing; Spanish Language and Literature; and Training for Teachers of Spanish.

If scholarship grantees do not speak Spanish, they must take intensive Spanish language courses for 6 months prior to beginning postgraduate studies. However, this does not apply to candidates studying to be Spanish Teachers, who must already have basic knowledge of the language.

Eligibility

Scholarships are offered to the nationals of Antigua & Barbuda; Barbados; Bahamas; Grenada; Guyana; St. Kitts & Nevis; Saint Lucia, St. Vincent & the Grenadines; and Suriname.

Receiving Mexican Institutions

Public Higher Education Institutions stipulated in the Bilateral Programs section of this Call.

Duration

Six months, to study Spanish at the Foreign Student Learning Center (CEPE) of the UNAM

Master's two years

Doctorate three years

Research minimum one month, maximum twelve months

Requirements

- Meet the requirements of the Call for SRE Scholarships for Foreigners.
- Apply directly for acceptance from the corresponding Mexican institution. Those interested can obtain further information from the Mexican Embassy in Trinidad & Tobago, Tel. (868) 622-9409, 622-1422, and 622-7527, or in the case of the Bahamas, at the Mexican Embassy in Jamaica, Tel. (876) 926-6891, 926-4292,

929-8859, and 929-8862, and the Mexican Embassy in Saint Lucia, email: embslucia@sre.gob.mx

- Candidates applying for a Master's scholarship must have a Bachelor's and must have a Master's if applying for a Doctorate scholarship.
- For a research scholarship, candidates must already have at least a Bachelor's degree and must contact the corresponding Mexican institution to obtain a tutorial and approval of a tutor for their research project.
- Candidates interested in entering the Spanish Teacher Training Program must have at least completed Upper Secondary (High School) and have basic knowledge of the Spanish language.
- Candidates must be proposed, accordingly, by their government before the Mexican Embassy in Trinidad & Tobago, in Jamaica, or in Saint Lucia, marking a copy to the Association of Caribbean States. In the case of the Bahamas, the proposal should be sent to the Mexican Embassy in Jamaica.
- Return to their native countries upon termination of the scholarship.
- Submit candidature on Application Form A, included in this Call.

Benefits

SRE

- Academic Costs (enrollment and school fees).
- Monthly allowance equal to:
 - 1) 4 D.F. minimum wages for the Spanish course, a Master's, or Master's-level research.
 - 2) 5 D.F. minimum wages for a Doctorate or doctoral research.
- International air-travel at the beginning and end of the scholarship.
- Travel from Mexico City to the study center at the beginning and from the study center to Mexico City at the end of the scholarship.
- IMSS medical insurance, effective as of the third month of the scholarship.

Program for the Asian Pacific, Africa, and the Middle East *

Program Characteristics.

Scholarships are offered to:

- Study the Spanish language and Mexican Culture at the Foreign Student Learning Center (CEPE) of the UNAM – Taxco Campus.
- Pursue studies for a Specialty, Master's, or Doctorate.
- Pursue high-level doctoral research with tutorial at academic institutions.
- Conduct postdoctoral visits in academic institutions.
- * This program does not include scholarships for studies leading to a Bachelor's degree.

Eligible Countries

Angola, Azerbaijan, Bangladesh, Botswana, Brunei, Burundi, Cambodia, Cameroon, Cook Islands, Democratic Republic of Congo, Democratic Saharawi Arab Republic, East Timor, Equatorial Guinea, Ethiopia, Fiji Islands, Gabon, Ghana, Guinea, Ivory Coast, Jordan, Kazakhstan, Kenya, Kiribati, Kuwait, Laos, Lesotho, Libya, Madagascar, Malawi, Malaysia, Mali, Marshall Islands, Mauritius, Micronesia, Mongolia, Morocco, Mozambique, Myanmar, Namibia, Nauru, Nepal, Nigeria, Oman, Pakistan, Palestinian Authorities, Palau, Papua New Guinea, Qatar, Republic of Kiribati, Samoa, Saudi Arabia, Senegal, Singapore, South Africa, Sri Lanka, Sudan, Swaziland, Syria, Tonga, Tanzania, Turkmenistan, Tuvalu, Uganda, United Arab Emirates, Uzbekistan, Vanuatu, Vietnam, Zambia, Zimbabwe.

Receiving Mexican Institutions

- CEPE (UNAM)-Taxco Campus: to study the Spanish language and Mexican culture.
- Public higher-education and research institutions (in the case of postgraduate studies, doctoral research, or postdoctoral visits). If candidates do not speak Spanish, they must first take at least six months of courses in the Spanish language and Mexican culture, as well as obtaining acceptance from the Mexican public academic institution.

Duration

Master's	two years
Doctorate	three years
Doctoral research	minimum three months, maximum twelve months
Postdoctoral visits	minimum one month, maximum six months

- In the case of studying the Spanish language and Mexican culture, courses take up to six months for students, and up to one year for Spanish language teachers.

Requirements

- Meet the requirements of the Call for SRE Scholarships for Foreigners.
- Have academic acceptance from the receiving Mexican institution.
- In the case of the CEPE-TAXCO, enrollment will be done by the Academic Exchange Directorate of the General Directorate for Cultural Affairs.
- Obtain academic acceptance from the receiving institution prior to terminating their studies in Spanish at the CEPE-Taxco.
- Applicants wishing to conduct research or research visits must have an academic tutor previously authorized by the receiving Mexican institution.
- Those interested should consult the Programs of this Call to obtain their academic acceptance from said institutions.
- Return to their native countries upon termination of the scholarship.
- Submit candidature on Application Form A, included in this Call.

Benefits

SRE

- Academic costs (enrollment, school fees, or tutorials).
- Monthly allowance equal to:
 - 1) 4 D.F. minimum wages for studying Spanish, a Master's, or a Specialty.
 - 2) 5 D.F. minimum wages for a Doctorate, doctoral research, or postdoctoral visits.
- Travel from Mexico City to the study location and from the study location to Mexico City at the beginning and end of the scholarship.
- International air travel at the end of the scholarship.
- IMSS medical insurance, effective as of the second month of the scholarship.

(*) The framework of the foregoing program does not consider scholarships which have quotas assigned under a bilateral scheme.

Territorios No Autónomos Non-Self-Governing Territories

Program Characteristics

Scholarships are offered to study for:

Pursuant to UN Resolution 61/124 entitled: *Offers by Member States of study and training facilities for inhabitants of Non-Self-Governing Territories*, adopted by the United Nations General Assembly, the Government of Mexico offers scholarships to:

- Students and teachers to study Spanish and Mexican Culture at the Foreign Student Learning Center (CEPE) of the UNAM – Taxco Campus.
- Pursue studies in a Specialty, Master's, or Doctorate.
- Pursue tutored high-level doctoral research at academic institutions.
- Conduct postdoctoral visits in academic institutions.

No scholarships are offered for Bachelor's degree studies

Eligibility

Scholarships are offered to nationals of the following 16 Non-Autonomous Territories:
Anguilla; Bermuda; Gibraltar; Guam; Cayman Islands; Falkland Islands; Turks & Caicos Islands; British Virgin Islands; U.S. Virgin Islands; Montserrat; New Caledonia; Pitcairn Island; American Samoa; St. Helens; Tokelau.

Receiving Mexican Institutions

- To study Spanish and Mexican Culture: CEPE (UNAM)-Taxco Campus.
- For postgraduate studies, doctoral research or postdoctoral visits: Public Higher-Education Institutions. If applicants do not speak Spanish, they must first take at least six months of courses in the Spanish language and Mexican culture, and, obtain acceptance from the Mexican public education institution.

Duration

In the case of studying Spanish and Mexican culture, courses take up to six months for students, and up to one year for teachers.

Master's	two years
Doctorate	three years
Research	minimum one month, maximum twelve months
Postdoctoral visits	minimum three months, maximum six months

Note: Other non-autonomous territories exist in the world, however, only the ones mentioned in the list are being considered by the United Nations. Since the UN is the basis for the cooperation framework between Mexico and those territories, the latter are the only ones eligible for the awarding of study scholarships.

Requirements

- Meet the requirements of the Call for SRE Scholarships for Foreigners.
- In the case of the CEPE-TAXCO, enrollment will be done directly through the Directorate for Academic Exchange of the General Directorate for Cultural Affairs.
- Obtain academic acceptance. While pursuing their studies at the CEPE-TAXCO, candidates may personally complete formalities with the academic institution where they intend to conduct their doctoral research or postdoctoral visit.
- Applications to conduct research must have an academic tutorship previously authorized by the Mexican institution in which the applicant wishes to conduct the research visit.
- Those interested may consult the bilateral programs of this Call to obtain their academic acceptance.
- Return to their native countries upon termination of the scholarship.
- Submit candidature on Application Form A, included in this Call.

Benefits

SRE

- Academic costs (enrollment, school fees, or tutorials).
- Monthly allowance equal to:
 - 1) 4 D.F. minimum wages for studying Spanish, a Master's, or a Specialty.
 - 2) 5 D.F. minimum wages for a Doctorate, doctoral research, or a postdoctoral visit.
- International air-travel at the beginning and end of the scholarship.
- Travel from Mexico City to the study center at the beginning and from the study center to Mexico City at the end of the scholarship.
- IMSS medical insurance, effective as of the third month of the scholarship.

Academic Mobility Program for Graduate Students

Program Characteristics

The aim of the Academic Mobility Program is to encourage and to support graduate students interested in moving to Mexico to pursuing part of their studies for a limited time in one the Mexican Higher – Education Institutions (IES, for its acronym in Spanish) included in this call.

In addition to offering international students the opportunity to be a part of the academic and cultural life of Mexico, this program will enhance their career and personal prospects.

Eligibility

Scholarships are offered to those currently studying a Master's or Doctorate program in a university that allows and recognize student mobility in Mexican higher – education institutions as part of the regular program.

Receiving Mexican Institution

Higher – Education Institutions included in this Call.

Duration

Minimum three months
Maximum one school - semester (5 months)

Requirements

- The academic institution of origin must recognize the academic value of the study attainment document issued by the Mexican institution and will validate the pursued studies according to its regulations.
- Submit candidature on Application Form A, included in this call.
- Meet the requirements established in the sheet attached to Application Form A. The official proposal from the government of the candidate's country is NOT necessary.
- The candidate must:
 - o Take academic subjects with curricular value and that correspond to the level of studies being pursued (Master's or Doctorate).
 - o Be a full-time student of Master's or Doctorate programs.
 - o Have completed at least the first semester of the postgraduate program with a minimum G.P.A. of 8.5 on a 1 to 10 scale, or equivalent, at the moment of the application.
 - o Submit an official letter issued by the institution of origin stating the academic term in which the candidate is enrolled, the percentage of program credits completed, and the total number of academic terms that the postgraduate program covers.
 - o Submit the letter of acceptance issued by the corresponding authority of the receiving institution. It must specify the exemption of academic fees and the period during which the studies will be pursued. This letter will be only valid for the period specified in it.
 - o Submit a working plan approved by the responsible authority from both the institution of origin and the Mexican institution. It must

contain the starting and ending dates according to the approved period of stay.

- o Meet the specific requirements established by the receiving institution for the chosen postgraduate program.

- Academic activities will be compulsory and the student will devote full time to them.
- The student will comply with the inner regulations of the receiving institution.
- At the conclusion of the scholarship, the student must submit to the DIA a letter issued by the Mexican institution stating that the academic goals established were achieved.
- The Degree Certificate will be issued by the institution of origin.
- Return to their native country upon conclusion of the scholarship.

Benefits

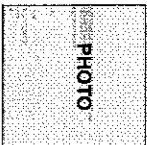

SRE

- Monthly allowance equal to:
 - 1.) 4 D.F. minimum wages, for Master's-level students.
 - 2.) 5 D.F. minimum wages, for Doctorate-level students
- Travel from Mexico City to the study center and from the study center to Mexico City at the beginning and end of the scholarship.
- IMSS medical insurance, effective as of the third month of the scholarship.

**CALL FOR MEXICAN GOVERNMENT SCHOLARSHIPS FOR FOREIGNERS
2010**

Documents which must accompany Application Form A

- o Scholarship Application. Use Application form A of this Call (*). Application forms from previous years are no longer valid.
- o Proposal from the government of the candidate's country in the last part of this Application, or in a separate letter.
- o Letter of acceptance from the receiving Mexican academic institution, or proof that the acceptance is being processed. This must be signed by the Postgraduate Coordinator and/or Director of the Institute, School, or Center that will receive the candidate, on letterhead paper and with handwritten signature. Communications received by e-mail shall be considered only as a contact and will therefore not be taken into account when deciding on the definitive awarding of the scholarship.
- o A typewritten letter stating the reasons for taking studies or conducting a research in Mexico.
- o Curriculum Vitae(*), with copies of corroborating documents related to the academic activity of interest.
- o Copy of the certificate (diploma) of a Bachelor's and/or postgraduate degree (*), as the case may be.
- o Copy of study transcripts of a Bachelor's and/or postgraduate degree, as the case may be. Proof of GPA obtained must be attached.
- o For doctoral research, attach academic proof certifying that the candidate is enrolled in a Doctorate program (*).
- o Applications for postdoctoral visits must be accompanied by documentary proof of a Doctorate degree.
- o Copy of Birth Certificate(*).
- o Recent medical health certificate which must state whether or not the candidate is suffering from infectious-contagious diseases(*). Candidates selected must submit a further medical health certificate(*), issued by a public institution 15 days prior to the candidate's traveling to Mexico. It is also necessary to know about illnesses that are not covered by the medical insurance included in the scholarship. This information is included in the scholarship award contract.
- o Proof of proficiency in Spanish(*). In the event this is not the candidate's native language it is suggested that he/she takes the examination of the Centro de Enseñanza para Extranjeros (CEPE) Taxco de la Universidad Nacional Autónoma de México (UNAM), [Center for Foreign Students of the National Autonomous University of Mexico] Tel. (762) 622 3410, fax (762) 622 0124. E-mail: scm1axco@servidor.unam.mx
- o Eight recent photographs, not scanned or digitally printed, 3 cm. high by 3 cm. wide. 1 must be affixed to the scholarship application form. The eight photographs submitted must state the grantee's name and nationality on the back.

IMPORTANT NOTES:

- The SRE will not be awarded for preparatory courses, distance-learning courses (virtual), direct doctorates (which include both master's and doctorate). The maximum period for a Doctorate scholarship is 3 years. Those applying exclusively for the development of a research project do not have to consider January as the starting date and December as the ending date.
- Scholarship applicants must submit their documentation in the above-mentioned order, in a folder or dossier with dividers and clips so that no documents are lost. Incomplete dossiers will not be taken into account.
- (*) Documents marked with an asterisk must be accompanied by a simple translation into Spanish, in the event that they are not originally in said language.
- In the event of being awarded a scholarship/grant, applicants must contact the receiving Mexican academic institution to ascertain whether they need to have their studies revalidated. This is to allow them enough time to have their academic documents notarized or annotated (apostil) before traveling to Mexico.

IMPORTANT NOTES:

- In the case of lecturers and visiting professors, state the title of the lecture, conference, seminar, or course in which you will participate. Attach a copy of the letter of invitation which must state the dates and venue of the event.
- If you are applying for a scholarship/grant to conduct research within the framework of the "Genaro Estrada" program for Specialists on Mexico, the research project must be presented as part of this application on the form found in Annex 1 of the "Rules Applicable to Grantees of SRE Scholarships for Foreigners".
- In addition, please attach a 1-2 page typewritten letter explaining the reasons for interest in conducting research in Mexico.
- Consideration will only be given to original applications submitted sufficiently in advance and whose documentation is complete. Applications sent by fax or e-mail will not be accepted.
- It is the responsibility of the General Directorate for Academic and Cultural Cooperation of the SRE to book and purchase the international airline flight tickets, therefore, should the candidate or receiving Mexican institution do so themselves, directly, they shall not be entitled to any reimbursement of these expenses. The candidate must have a current United States visa.
- Should the candidate cancel the trip to Mexico after the tickets have been issued by the travel agency authorized by the SRE, the receiving institution or the candidate will be asked to pay for said tickets, in the event they are non-refundable.
- If the purchase of the tickets in economy class entails the flight having to make a stopover or connection in any city within territory of the United States of America, candidates must ensure beforehand that they have a current and valid American visa.

**CALL FOR MEXICAN GOVERNMENT
SCHOLARSHIPS FOR FOREIGNERS 2010**

Documents which must accompany Application Form B

- 1.- Original form (Application Form "B"), corresponding to the year of the activity in question, properly filled out in Spanish, and with applicant's original handwritten signature and accompanying recent photograph.
- 2.- Letter from the Mexican institution addressed to the General Directorate for Academic and Cultural Cooperation of the Ministry of Foreign Affairs mentioning the Special Program for which the scholarship is requested and clearly indicating the title of the conference, research, lecture or artistic work, as applicable, that the foreign national will pursue, as well as the starting and finishing dates of the activities.
- 3.- If the candidature is submitted through our Diplomatic or Consular Representation in the candidate's country of origin, he/she must attach the Letter of Invitation from the Mexican institution.
- 4.- Summary of Curriculum Vitae, in Spanish.
- 5.- Additionally, include the specific requirements established in the Special Program which the candidate proposes to enter. (See selected Program in the Annual Call)
- 6.- In the case of the programs for Artistic Creation visits, "Genaro Estrada" for Specialists on Mexico, Special Lectures, and Media Contributors, include 8 original photographs, recent and not scanned nor digitally printed, if the visit is for longer than 2 months, and 2 such photographs, if the visit is for less than 2 months.
